

ONE YEAR HIP WARRANTY

Breeder offers up to 1 year of age hip and elbow guarantee* on any puppy found to have moderate or severely affected hip or elbow dysplasia.

The following applies: The puppy must have an x-ray by your veterinarian to confirm the diagnosis and it must be documented by an official OFA/Pennhip certification.

Positioning of the x-ray must be approved by LK Bernedoodles veterinarian.

If this occurs then the buyer will receive a full refund of the purchase price minus the deposit.

Again, x-rays must be taken by your vet and sent to either OFA or Pennhip and come back with a moderate or severe rating of Hip dysplasia.

* If dew claws are removed under any circumstances-after placement of puppy, our joint (hips and elbow) warranty is null and void.
